

Summer Update

After more than 16 months in our temporary location at 4 East 90th Street, we are on schedule to move staff offices and programs back to 87th Street this fall for the start of the Early Childhood Center year, High Holidays, and fall programming! Although we expect that our move from PAS@90th to PAS@87th will take place in late summer, the transition will continue well into 5780, as we acclimate to the beautiful spaces at PAS@87th, assign new locations to minyan and other programs, and establish relationships with new caterers. Throughout all the changes over the period of transition, it has been abundantly clear that the space is secondary to the wonderful and committed PAS community members who have demonstrated grace and flexibility over the last year and a half. Thank you! We are almost there!

While our contractors are now putting final touches on PAS@87th, we want to share photos from an earlier stage of the construction this past May. Over a year earlier, on May 3, 2018, the annual PAS Gala was the final event held in the Lower Level of 87th Street before construction. At the Gala, members of the community signed poster boards with congratulations for the past and wishes for the future. The photos show how the signature boards were enclosed in the walls of the renovated building, permanently embedding them in PAS history.

We remain committed to keeping the PAS community informed about the transition. Watch for more information about the location of programs and services in the September/October bulletin, emails, and on pasyn.org/transition.
